Dear Ms. Lenkutienė,

The company GNS - Gesellschaft für Nuklear-Service mbH, which implements the projects of designing and manufacturing spent fuel containers, needed a reliable partner providing translation services in Lithuania. We chose the translation agency UAB "Vertimo namai"; we have cooperated with this company on a contractual basis from the 17th of November 2006 until now. UAB "Vertimo namai" translates technical texts in such language combinations: English-Lithuanian-English, English-German-English and English-Russian-English. We hereby confirm that in 2006-2016 UAB "Vertimo namai" provided technical texts translation services to us for EUR [redacted].

We found that translations done by UAB "Vertimo namai" are of high quality and meet the need of our company; the contract is fulfilled properly.

Best regards
